### **Longitudinal Data Analysis Using Structural Equation Modeling**

Topics covered in this video include: 1. Understanding STATA's interface 2. Loading data files into STATA 3. Summarizing a dataset using STATA 4. Conducting simple linear regression using STATA.

### **Introduction to Data Analysis using STATA**

† Longitudinal data have special features that must be taken into account to make valid inferences on questions of interest † Statistical models that acknowledge these features and the questions of interest are needed, which lead to appropriate methods † Understanding the models is critical to using the software Introduction to Longitudinal Data 3 1. Some examples and questions of ...
