Your two major case studies for the coastal module are Holderness and Lyme Regis, where for both, you need to understand the reasons for, and the methods which have been used for protection. For both, the focus is on coastal erosion and management, and the area is Holderness in East Yorkshire.

### **What I taught in Geography this week: Holderness Case Study**

The farm was the perfect place for our team to work together away from the usual interruptions of everyday life. More importantly, though, we spent time with each other - working things out, making decisions, making mistakes, trying out new experiences, facing fears, showing strengths, overcoming weaknesses, walking, laughing, cooking, eating...
